Happy New Year, Happy Certifications Courses!

2018 Certification Courses Registration is Open!

by Beth Nolan, PhD

The **2018 PAC Certifications Courses** are now open for registration! We have dates and locations across the US, Canada, and the UK!

You will notice a few changes on the courses we offer this year:

- Our new, **Teepa Knowledge Intensives**: After three years of running the Trainer course, Teepa is now stepping away to offer more advanced and intensive dementia care knowledge and skills.

- The team of Accomplished PAC Mentors are now well prepared to take over the **Trainer course**. Because Teepa will no longer be offering the course, the new rate for the Trainer course in the US is $1,600.

- We are moving the Engagement Certification to a new, online format this year. Thus, there is only one **Engagement Certification** in 2018, and it's coming up soon. Join us in Naples, FL this February.

- More and more of our Coach courses are being offered as private events to communities who wish to move toward a true culture change effort. As such, we are only offering **four public Coach Certification courses** in the US.

Join the **PAC Certified Independent Professionals** team in 2018 and make the world a better place for those living with brain change!
