October's PCSC Pistol Match

The next Pistol Match will be held on Saturday October 14, 2017, and due to the decreasing daylight (or the increasing night) we will be shifting everything forward one half hour (that's 30 minutes); match set-up will be at 7:30AM, the shooters meeting at 8:00AM, and the match will start at 8:30AM. This is a match for Club members only and your Board of Directors has continued to approve of the match with no match fee.

This is a fun match for shooters at all skill levels and ages. One main goal of the match is to increase your shooting skills and abilities while under the umbrella of the Clubs Four Laws of Firearm Safety. There will be three stages which will test your ability to focus and to correctly pull the trigger, and we will be doing some moderate to long distant shooting, so practice your dry firing and strengthen your arm muscles. Total rounds needed should be 60+ dependent upon whether or not you want to reshoot one of the stages after the match is over. Make sure you have the proper gear: a stiff belt; a Kydex or stiff leather holster; at least two magazine carriers (or deep pockets); eye and ear protection, and most importantly a good attitude and willingness to learn. Shooting from concealment is OK as long as you can do it safely, and I'll show you how to do that. The Club will be providing pop-ups for shade, a table for gear, and ice water to make sure you stay hydrated.

If you are missing some of gear noted above but still want to shoot please give me a call and we'll see what we can do to help you out.
