

FOR IMMEDIATE RELEASE

Nelson Construction and Renovations Wins Best of Houzz 2017

CLEARWATER, FLORIDA • JAN 30, 2017

Local Design-Build Company in Clearwater, Florida, wins another award for stellar service.

Nelson Construction and Renovations is a family business with more than a decade of experience building and remodeling homes and commercial properties all over the Tampa Bay area.

In a world where contractors are notorious for bad service, hidden fees, and even swindling the people who work for them, Nelson Construction and Renovations has always striven to do everything above boards, to do high-quality work, and to provide excellent service to homeowners, business owners and investors all over Tampa Bay.

In recent months they have expanded their design department to provide stellar design work.

Homeowners can expect a truly turn-key service, from design to completion.

Led by General Contractor Greg Nelson and his wife Dominique Nelson, the Clearwater-based company has spent many years perfecting their system into an organized, service-oriented approach. Their projects have included award-winning historic restorations, whole home remodels, tear-downs and new-builds, large home additions, and custom new-builds. Additionally, they have done a great deal of commercial work for local businesses including American Power and Gas, Fit Life Foods, Panera Bread, Nationwide Title Clearing, Co-Cre8 Salons, and Anytime Fitness.
