Master Gardener Volunteer Opportunities

We hope you will consider volunteering for any of the opportunities listed below. This is a current list of opportunities that the Community Service Committee has been asked to help find volunteers, as of the date above. Upcoming events that are in critical need of MG volunteers are highlighted in red text throughout the list. If you do plan to volunteer, please notify the contact person as soon as possible to avoid last minute cancellations. Please note that the service types listed are the generally applicable categories, but the specific event on the day or task performed dictates the category. When in doubt, ask the contact person or any member of the Community Service Committee.

If you know of an event or community garden that needs MG volunteers, please submit a request through the JCMGA website at https://jeffcomg.org/request-master-gardener-volunteers-form/, as we are happy to add your volunteer needs to this list. Although the Community Service Committee cannot guarantee this list will provide you with volunteers, it will definitely advertise your volunteer opportunity to our membership.

Community Partner Events: If you are a sponsor/contact person for a community partner event (outreach) display table, kits containing a JCMGA tablecloth and numerous ACES publications are available to reserve for your event. Kits need to be reserved through the Community Service Committee at least 2 weeks prior to your event. Call/text/email Sylvia Britt: 205-613-9079, sebbritt@aol.com to reserve a kit and to request volunteers for your event. The kits must be returned by Tuesday afternoon following your event, so they can be replenished for the next use. Thank you!
