\* On the eve of each of these three-day observances, before kindling the Yom Tov candles, each household should complete an "Eruv Tavshilin" / "ET". "ET" is a procedure that allows for Shabbat preparation to take place on Yom Tov. Two foods designated for Shabbat are set aside and a brachah is recited (Baruch Atah ... al mitzvat eruv). These two items are then incorporated into the Shabbat day menus.

L' Shanah Tovah  
Have a sweet year!
