Opportunities for People with Disabilities

Explorers

Explorers is a social recreation program from Community Connections that offers adults with IDD/ASD opportunities to gain experience new things, learn social skills and develop meaningful friendships. They experience more inclusivity in the communities where they live and work as well as an opportunity to pursue their lifelong hopes, goals, and dreams. Explorers offer real-life experiences for the people we serve, "let's have fun and learn about each other." It is also an opportunity for the community to see the people we serve and the wonderful things that they bring to any group.

Barnstable Comedy Club presents An Inspector Calls Sunday March 12th

AN INSPECTOR CALLS by J.B. Priestley has themes of responsibility, class structure, and social duty. Set in 1912, Arthur Birling, a wealthy factory owner, is celebrating his daughter's engagement to the son of another industrialist. The celebration is interrupted by Inspector Goole who is investigating the suicide of a working-class woman. As the Inspector questions the family members in the dining room, it becomes obvious that each person had a connection to the young woman and had treated her badly. A chain of events led to her despair. The drama is thought-provoking with interesting psychological profiles and a strong moral message. Written soon after the conclusion of World War II in 1945, during a difficult economic time in Great Britain, it also has political and social interpretations.
