Fostoria Area CHAMBER of COMMERCE & VISITORS BUREAU

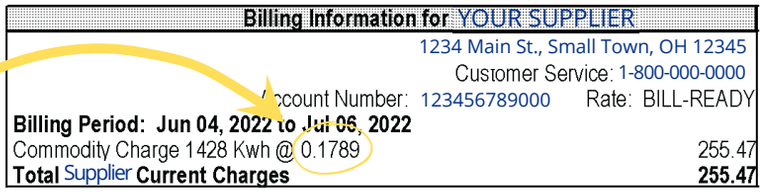
CHAMBER ENERGY PROGRAM

Dear Business Owner,

You may be seeing your electric bills increase in our area. Because of how volatile the energy market currently is, we have seen local businesses with electricity rates between 9 and 17 cents per kWh for the generation portion of their supply.

Here's where to find your supply rate on your electric bill.

Electric Bill Example



**Your supplier company will be different than your utility company if you have previously shopped or are in a government aggregation program.*

As a leading voice and trusted partner for the business community, the Fostoria Area Chamber of Commerce has in place an established energy cost-saving program - the Chamber Energy Program. This trusted program is administered by Community Energy Advisors and is being offered by over 140 chambers across the state of Ohio.

Due to an increase in electricity rates for generation service in our area, for a limited time, we are allowing organizations to enroll in this program at no cost, regardless of membership status. Please note that savings are not guaranteed, and actual savings will vary, but we will work to give you the available options to potentially lower your electricity bill!

We want to encourage you to take advantage of the Chamber Energy Program's complimentary bill review service to see if you could be saving money on your electricity bill. **Simply grab a recent copy of your electric bill, fill out the bill review request form, and return both to billreview@ceateam.com.** If you have any questions, please call the Chamber Energy Program at 330-409-7892.

Sincerely,

Sarah Stephens Krupp
Executive Director
Fostoria Area Chamber of Commerce
