The Division of Cardiology within the Department of Pediatrics at the University of Wisconsin School of Medicine and Public Health is recruiting a Pediatric Cardiologist with an interest and expertise in Electrophysiology.

Members of the Division of Cardiology strive to maintain excellence in clinical care, education, and research. The division recognizes that excellence in pediatric cardiovascular medicine and surgery requires a well-coordinated team approach to care. Important contributors include physicians, nurse practitioners, registered nurses, echocardiography technicians, exercise physiologists, and our patients, their families, and their referring physicians.

The Department of Pediatrics is a vibrant academic department comprising more than 200 faculty members in 16 subspecialty divisions. The department promotes and enhances the health of children through outstanding clinical care, exemplary education of pediatric trainees, performance of cutting-edge research, and vigorous advocacy. Our faculty enjoy a robust infrastructure of services as well as the opportunity to contribute to our world-class research portfolio – since 2015, the department has ranked among the Top 20 pediatrics departments receiving NIH funding.

Qualifications

- Completion of an ACGME-approved pediatric residency program is required
- Completion of an accredited fellowship program in Pediatric Cardiology with a 4th year in Electrophysiology is required
- Experience in an academic medical setting is preferred
- For an appointment at Associate Professor or Professor rank on the CHS or CT Track, candidates will meet criteria established by the department as outlined in the School of Medicine and Public Health guidelines.

The University of Wisconsin is an Equal Opportunity/Affirmative Action employer.
