Dr. Satveer Dadrwal

I hold a Bachelor of Veterinary Science and Animal Husbandry from Karnataka Veterinary and Fisheries Sciences University, India, and practiced in India, Australia and Canada. I have an extensive experience in animal welfare and public education, including in rural development settings. I perform surgeries, dental procedures, emergency care and a full range of veterinary procedures on cats, dogs and exotics such as rabbits, ferrets, guinea pigs and hedgehogs.

When not working, you can find me hiking, exploring the new country and spending time with my world explorer cat, Tintin and mischievous puppy, Maple
