Ohio Environmental Protection Agency

Free Environmental Sessions from Ohio EPA

March 12, 2021

Continuing Education Units will be available for all sessions.

Do you wear multiple hats managing your business's environment, safety, and health regulations? Ohio EPA recognizes that it can be a challenge to understand and keep up with all the regulations that apply to your business. This extended portion of the 2021 Ohio Safety Congress & Expo will include four environmental sessions that will help keep you and your business out of trouble. Session information on the following pages.

8 - 9 a.m.
Ohio EPA's Rules – What you need to know to stay out of trouble

Ohio EPA recognizes that it can be a challenge to understand and keep up with all the regulations that apply to your business. This presentation will highlight Ohio EPA's major areas of compliance, provide you with resources to gain a complete understanding of the requirements, and explain the proper management of common waste streams.

Learning Objectives:

- Explain Ohio EPA's major environmental regulations
- Understand how they apply to a business
- Recognize what actions will need to be taken to be in compliance
- Know who to call for any future Ohio EPA questions
