Upcoming Jefferson County Master Gardener Highlights!

2026 Reunion Reception on September 15th from 5-7 pm in the Ireland Room at the BBG. Be sure to sign up online so we know you are attending and if you like, bring one of your favorite appetizers to share. As always, we will have a signature cocktail, wine and nonalcoholic beverages for you to enjoy as you mingle with your fellow gardeners and get the dirt on what they have been growing this year!

2026 Intern Graduation Ceremony will be held on November 10th. This is our time to celebrate the accomplishments of our new Master Gardeners and welcome them to our family. Details regarding this event along with registration information be posted soon.

We will kick off **2027 with the Annual Reach for the Stars Banquet on February 9th** so don't forget to enter your hours so you can be recognized for your hard work in 2026. I know if you're like me you're probably behind so set aside some time soon to get caught up!

And of course, there is the upcoming 2027 AMGA conference which we are hosting at Rosewood Hall in Homewood on April 7-9. We have a great program put together and we're working on all the details that go along with planning such a big event. If you still haven't volunteered to help out at conference and are interested in doing so, please let me or one of the committee chairs know, we would love to have you join us.
