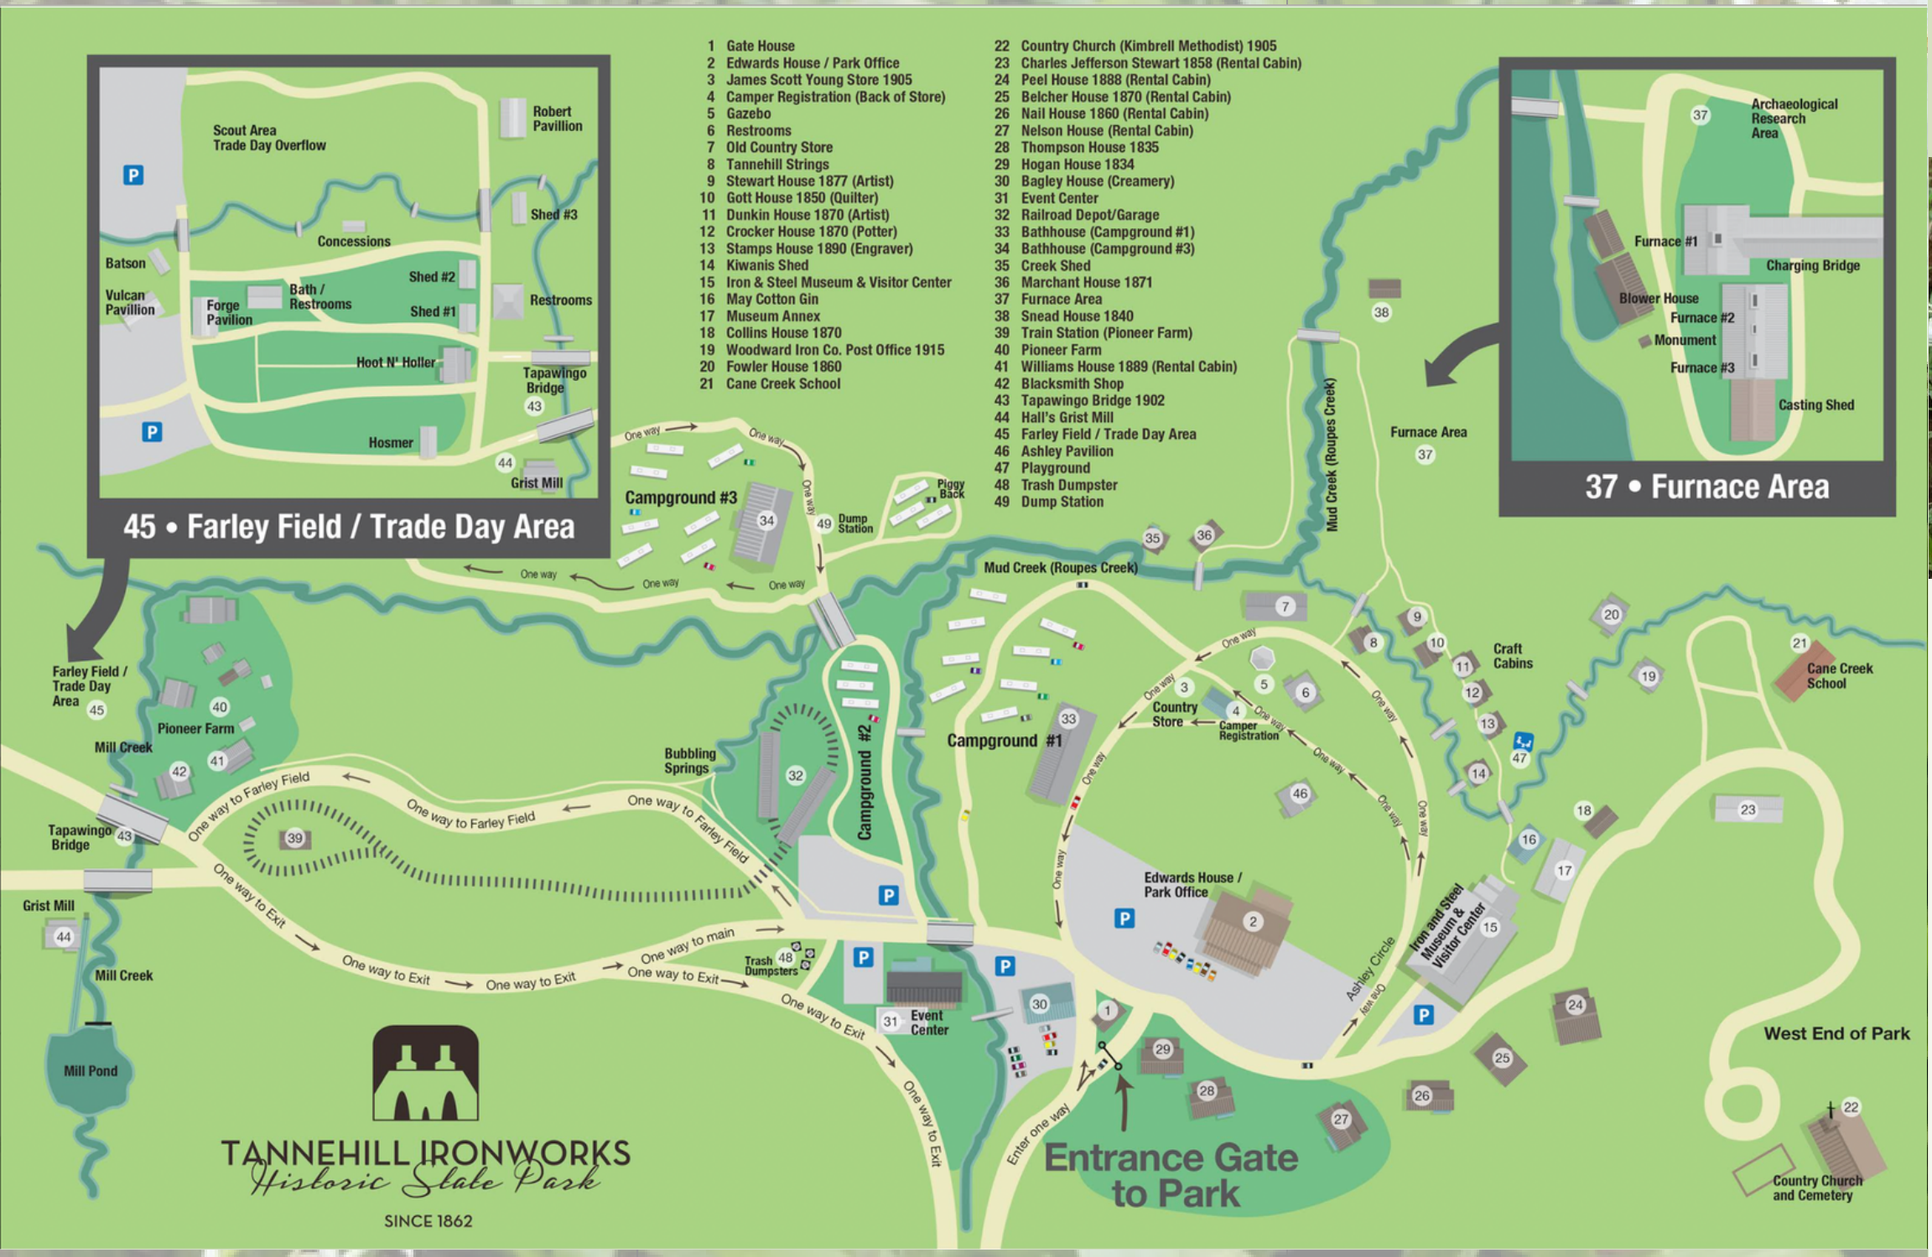
Tannehill Ironworks Historical State Park



Where history and beauty come to life.

Tannehill Ironworks Historical State Park

We have more than 1500 acres in 3 counties, plus additional acreage that we manage that is set aside for hiking, camping, and outdoor recreation. The working gristmill, blacksmith shop, train, and creamery preserve a long-gone way of life. Hiking trails retrace historic roadways. Artifacts of Alabama's 19th-century iron industry displayed in the Iron and Steel Museum put in perspective the massive stone furnaces, Tannehill's awe-inspiring centerpiece.
