Employee Health Insurance to Feel Great About!

September 15, 2016

The winning combination of hospitals, clinics and health plan together in one family means Dean Health Plan offers an excellent choice for large employers. In fact, more than 150 area large businesses already have put their faith in coverage from Dean Health Plan.

We recently initiated a direct mail campaign to prospective large group clients, emphasizing our controlled costs, large network of providers and the opportunity for employees to earn \$150 in rewards with our Living Healthy wellness program.

Thanks in advance for helping to make our campaign a success.
