Yaphank: Longwood Youth Sports Assn. @ The Boulevard, 210 Meadows Blvd. West, Yaphank, NY 11980

Introductory Classes

PC COMPUTING BASICS 1

4 sessions of 2.5 hours each Cost: $45.00

HUNTINGTON: Thursdays from 9:30 AM - 12:00 PM on Jan 8, 15, 22, 29, Feb5 (Snow Day)

BAY SHORE: Tuesdays from 9:30 AM - 12:00 PM on Jan 6, 13, 20, 27, Feb 3(Snow Day)

BLUE POINT: Thursdays from 12:00 PM - 2:30 PM on Feb 5, 12, 19, 26

To begin this class, you need to know nothing about computers and simply have a desire to learn. Students will learn how to properly start and stop a Windows computer. From there we will teach and give you experience with the most used computer functions: using the mouse, keyboard, and desktop, word processing, accessing the Internet, creating and responding to emails, and how to use flash drives for performing classroom exercises. Prerequisite: none

PC COMPUTING BASICS 2

4 sessions of 2 1/2 hours Cost: $45.00

HUNTINGTON LAB: Thursdays from 1:00 PM - 3:30 PM on Mar 5, 12, 19, 26, Apr 2(Snow Day)

BAY SHORE: Tuesdays from 9:30 AM - 12:00 PM on Feb 3, 10, 17, 24, Mar 3(Snow Day)

BLUE POINT: Thursdays from 12:00 PM - 2:30 PM on Mar 5, 12, 19, 26

This four-lesson class will build on the skills you started to develop in PC Computing Basics 1. We will teach you to enhance your desktop, the basics of the file system, and advanced features of word processing. We will teach you how to access the Internet and how to save your most frequently visited websites. Additionally, you will learn how to use the new free Microsoft Outlook mail client.

Prerequisite: PC Computer Basics 1 or comparable skills.

MAC COMPUTER ADVANCED

4 sessions of 2 1/2 hours Cost: $45.00

HUNTINGTON LAB: Wednesdays from 1:00 PM - 3:30 PM on Jan 7, 14, 21, 28, Feb 4(Snow Day)

Continuing on from where *Mac Computer Basics* left off students will be introduced to and learn to use *iCloud* and *iCloud+* for online storage of photos and documents, and *Stage Manager* to organize their desktops more efficiently. In addition, the usage of Split-Screen, Dictation, Airdrop, Live Text and taking screenshots is taught.

This is a hands-on class. Students will need to bring a Mac laptop and mouse (if you use one) to each class. Please make sure your laptop is charged and running the latest operating system, Sequoia Mac OS15, which will be updated in iOS 26 to Tahoe.

***Prerequisite: Mac Computer Basics*. (This is a must.)**

CHROMEBOOK: BASICS AND MORE

2 sessions of 2 hours Cost: $25.00

BLUE POINT: Thursdays from 10:00 AM - 12:00 PM on Jan 15, 22

Discover the essentials and the ease of using a Chromebook in this beginner-friendly course. Students will learn how to navigate the interface, save and retrieve files, manage apps, browse the web, and be introduced to Google tools like Docs and Drive for productivity. Accessibility options aid seniors in personalizing the device for their needs.

Students are invited to bring their Chromebooks to class. Bring your charger and your Gmail password if you have one.

The Computer

EXPLORING FILES AND FOLDERS WITH WINDOWS 11

2 sessions of 2 1/2 hours Cost: $25.00

HUNTINGTON LAB: Mondays from 1:00 PM - 3:30 PM on Mar 16, 23, 30(Snow Day)

BAY SHORE ANNEX: Mondays from 10:00 AM - 12:30 PM on Mar 2, 9, 16(Snow Day)

Managing files is one of the most important tasks for personal computer users. Simply stated, if you can't locate a file, you can't use it. You'll learn how to create a filing system, how to create folders, and how to navigate through the filing system that you designed.

Prerequisite: PC Computing Basics 1.

WINDOWS 11: AN INTRODUCTION

2 sessions of 2 1/2 hours Cost: $25.00

HUNTINGTON LAB: Thursdays from 1:00 PM - 3:15 PM on Jan 22, 29, Feb 5(Snow Day)

Windows 11 is Microsoft's new operating system. Does your computer have the prerequisite hardware and software in order to upgrade it? Join SeniorNet in this two-week class to learn the fundamentals of the Windows 11 operating system. We will teach you how to customize your computer and cover many of the differences between Windows 10 and 11.

Prerequisite: PC Computer Basics 1.

WINDOWS 11: ADVANCED

2 sessions of 2 1/2 hours Cost: $25.00

HUNTINGTON LAB: Thursdays from 1:00 PM - 3:15 PM on Feb 12, 19, 26(Snow Day)

In this two-lesson class we will teach you some of the more advanced tools of the Windows 11 operating system. Among the many other features of Windows 11, this class will include how to install programs, the new and (more useful) File Explorer app, and some of the options you have in case your computer malfunctions. It is highly suggested that you complete **Windows11: An Introduction** prior to taking this class.

Prerequisite: PC Computing Basics 1 or 2, Windows 11: An Introduction, or comparable skills.

The Internet

GOOGLE DOCS: BEGINNERS

2 sessions of 2 1/2 hours Cost: $25.00

BAY SHORE ANNEX: Thursdays from 9:30 AM - 12:00 PM on Feb 5, 12, 19(Snow Day)
Google provides a complete suite of FREE Apps for word processing, spreadsheets, email, calendars and more. This class will teach you the basics of the Google Docs word processor to create and format documents. Write a letter, create minutes from a meeting, produce a newsletter; it's all possible using Google Docs.

Artificial Intelligence: Hands On

1 session of 2.5 hours Cost: $15.00
HUNTINGTON LAB: Wednesdays from 9:30 AM – 12:00 AM on Jan 14, 21(Snow Day)
BAY SHORE ANNEX: Wednesdays from 9:30 AM - 12:00 PM on Mar 11, 18(Snow Day)
There has been a lot of buzz around AI lately. But what is this latest technology craze really about? How does it work and what are the risks? Learn about the state of AI at the moment and get hands on experience using the biggest names in AI, Microsoft's Copilot and OpenAI's ChatGPT.

Mobile Devices

IPHONE: GETTING STARTED

2 sessions of 2 1/2 hours Cost: $25.00
HUNTINGTON LAB: Tuesdays from 1:00 PM - 3:30 PM on Feb 3, 10, 17(Snow Day)
BAY SHORE ANNEX: Tuesdays from 12:30 PM - 3:00 PM on Mar 3, 10, 17(Snow Day)
Starting from scratch or taking this class as a refresher, you'll gain confidence using an iPhone. Basic subjects covered are communicating with others using the phone, email, and text messages, and using Safari (Apple's internet browser). Building on this, we will cover using voicemail and contacts (the address book), as well as downloading and organizing apps. In short, this two-lesson class will give you confidence in using this incredible device.

IPHONE: WHAT'S NEXT

2 sessions of 2 1/2 hours Cost: $25.00

HUNTINGTON LAB: Tuesdays from 1:00 PM - 3:30 PM on Feb 24, Mar 3, 10(Snow Day)

Expand your knowledge of the iPhone's capabilities. Subjects covered are using the iPhone's Camera and Photo Apps; using Siri (let your iPhone do the typing and some of the work); Maps (get directions); and using productivity apps such as Calendar. The class finishes with an introduction to Apple's iCloud, Find My and the Health App. This two-lesson class expands your knowledge of the iPhone and will make you feel like a Pro.

Media

CANVA: AN INTRODUCTION

3 sessions of 2 1/2 hours Cost: $25.00

HUNTINGTON LAB: Mondays from 9:30 AM - 12:00 PM on Mar 2, 9, 16, 23(Snow Day

Canva is an online graphic design app. It is very user friendly and the free version offers a large assortment of templates, images and design elements to help you make cards, invitations, certificates and so much more. Canva can help you transform the way you create with AI-powered tools.

This is a 3-session class and you must come to class with Canva installed on your laptop. To do this go to www.canva.com and create an account. Once you do, you're ready to go!

SMARTPHONE PHOTOGRAPHY

3 sessions of 2 1/2 hours Cost: $35.00

HUNTINGTON LAB: Wednesdays from 1:00 PM - 3:30 PM on Mar 11, 18, 25, Apr 1(Snow Day)

Photography can add so much to our lives by recording and sharing special events, places, family and friends, and most importantly, our cherished memories. It can also be a wonderful hobby, as it gets us out and about, keeps us busy and creative, and enables us to continue to learn, grow, and enjoy life.

Join us for this three-lesson class, to learn about some of the most popular types of photography (Portraiture, Candid, Landscape, Nature, Travel, etc.), best practices to improve your photography skills, tips and techniques to enhance the quality of your photos, and photo editing to adjust and enhance your most important photos.
Prerequisite: Ability to take photos with your iPhone or Android phone.

MAC PHOTOS: ORGANIZING YOUR PICTURES

3 sessions of 2 ½ hours Cost: $35.00
HUNTINGTON LAB: Wednesdays from 1:00 PM - 3:30 PM on Feb 11, 18, 25, Mar 4(Snow Day)
Your photos are one of your most precious possessions. We will explore the app and how it can help you work with all your photos in the most efficient way. You will need to bring your charged, Mac laptop and a mouse (if you use one) to class. iPads and iPhones CANNOT be used for this class.

Perhaps you haven't had time for a full class and just want to solve one technical problem.

We offer personalized problem solving for smartphones, tablets, laptops, and desktop computers (Mac, Chromebook and PC). Just let us know what you want to learn and we'll match you with an experienced teacher. **You coordinate the day and time with the instructor.**

Available at Huntington, Bay Shore, Blue Point and Yaphank

Cost: $20 for each hour!

Upcoming Free Zoom Events:

- **Researching Trusted Online Medical Information – Tuesday, Jan. 27 – 2:00 PM**
- **Smartphone Photography – Feb. 11 – 2:00 PM**
- **Google: More than a Search Engine – Tuesday, March 10 – 2:00 PM**
- **Traveling With your Smartphone – Tuesday, March 24 – 2:00 PM**

To attend any of the above, go to our website, www.seniornetli.org and under Current Courses, click on webinars and seminars and register for the event of your choice.
