

PROFILE

Dr. Krystina “Glimmer” Eubanks was born and raised in Southern Illinois in the same community in which she now practices. She graduated from Murray State University and the Illinois College of Optometry. She followed in the footsteps of her biggest influence, her dad Gregg, who “was an OD and loved his job every single day.” Their family practice was already established in Harrisburg and when her dad passed away between her first and second year of ICO, “Dr.Benna Daugherty kept the office floating until (she) could finish school and come home to help her.” They still run the practice together.

ILLINOIS OPTOMETRIC ASSOCIATION

Eubanks & Daugherty, LLC OPTOMETRISTS

BOARD MEMBER FEATURE:

Krystina “Glimmer” Eubanks, O.D.

WHAT SHE LOVES MOST ABOUT HER JOB

“Making personal connections with patients and I love taking care of families and watching kids grow up and excel in school, sports, college and life.”

UNUSUAL OR SURPRISING DIAGNOSIS

“Cancerous tumors, multiple sclerosis, thyroid disease, diabetes”

ADVICE FOR NEW OPTOMETRISTS

“find a group of colleagues who you connect with and who you feel comfortable asking questions! I have two group messages with two different groups of docs who are always ready to offer help, advice or a good laugh.”

HOW SHE SPENDS HER FREE TIME

Spending time with “Remy and Roxy (my two daughters), teaching a HIIT class, book club, and hiking”
