Health Imperatives

Our mission is to improve the health and well-being of low-income or vulnerable families and individuals in Southeastern Massachusetts.

Our trauma-informed, inclusive services are structured around four main areas of focus and expertise. Through these services, we provide high-quality, compassionate, and equitable care to people of all income levels, races, ethnicities, sexualities, gender identities, countries of origin, and immigration statuses.

WE PROVIDE:

SEXUAL AND REPRODUCTIVE HEALTH AND OTHER HEALTH SERVICES
Our seven sexual and reproductive health clinics offer a range of services, including pregnancy testing, options counseling and birth control, STI testing and treatment, HIV prevention medication, gender affirming hormone therapy, and cancer screenings. A Correctional Health Linkage to Care program works with previously incarcerated individuals with HIV and/or Hepatitis C, and a Support for Court-Involved Youth program provides primary health care and psychiatric services to youth in Massachusetts Department of Youth Services (DYS) custody.

YOUTH AND YOUNG FAMILIES SUPPORT
We deliver prevention initiatives and home visiting programs for vulnerable youth, including young, first-time parents, LGBTQIA+ youth, immigrant youth, youth with disabilities, and those with multiple barriers to good health.

WOMEN, INFANTS AND CHILDREN (WIC) NUTRITION ASSISTANCE
Our WIC programs in the Greater Plymouth and Cape Cod regions offer free, nutritious food, breastfeeding support, nutrition counseling, and referrals for women who are pregnant or parenting infants and children under age five.

SUPPORT FOR SURVIVORS OF VIOLENCE
Our services include Penelope's Place, an emergency domestic violence shelter, A New Day, a rape crisis program for survivors of sexual assault and human trafficking, and SAFEPLAN, a court advocacy program, as well as resources and group support for survivors.
