the JOURNEY

Exploration and Renewal in the Field of Youth Work

Regional Retreats

Let's take a little retreat!

Take a break for yourself with other Journey Fellows and learn how The Journey plans to support regional networks this year.

Decide for yourself which region is "yours" - where you live and/or do most of your work - then choose to attend that retreat.

We'll get together for some personal renewal and regional relationship building. We'll also discover who is interested in serving as Journey leaders in each of the regional groups.

We do have a limited amount of space at these retreats so sign up ASAP.
