PLUG INTO NEW POSSIBILITIES

Introducing the all-new, all-electric Pro XD Full-Size Kinetic. A first-of-its-kind work UTV that boasts unmatched performance no matter how you work.

SURPRISING YOU AT EVERY TURN

RANGE

With an up to 45-mile range* , you can rest assured that you'll cover plenty of ground on even the largest job sites.

GOING GREEN

Take on growing sustainability to meet new requirements with our all-electric Pro XD Kinetic.

SAVINGS

Operation and maintenance costs for the Pro XD Kinetic are estimated to be 60% less than the average costs for similar gas-powered vehicles. In fact, fuel savings alone are estimated to be $2,800 over 5 years.

BATTERY

At the heart and soul of Pro XD Kinetic, our batteries are designed to last the life of the vehicle.

SERVICE & MAINTENANCE

You have enough to worry about. So make oil changes, filter replacements, spark plugs, and clutch maintenance a thing of the past.

NO NEW INFRASTRUCTURE

110V standard charging means no new infrastructure is needed, and 220V options mean you can take fast charging to the next level if you want to.

*Range estimates based on manufacturer data on typical customer driving usage and conditions. Actual range varies based on conditions such as external environment, weather, speed, cargo loads, rates of acceleration, vehicle maintenance and vehicle usage.

UP TO **45** MILE RANGE*

140 LBS. OF TOURQUE

UP TO **1250** LBS. CARGO HAULING

UP TO **2500** LBS. MAX TOWING

0 TRADITIONAL FUEL COSTS

EVERYTHING YOU EXPECT, PLUS MORE

DURABILITY

- With heavy-duty boots, bearings, bushings, seats, tires and poly bed, Pro XD Kinetic is tough from the headlights to the tailgate.
- Pro XD Kinetic is just as tough on the inside as it is on the outside with rugged batteries and AC motor.
- Think electric vehicles lack power? Think again. Pro XD Kinetic boasts 1,250 lbs cargo hauling and 2,500 lbs max towing.

SERVICEABILITY

- With fewer moving parts, plus batteries designed to last the life of the vehicle, your service worries are almost less than our emissions (which are zero.)
- Less serviceability and more uptime with 1,000 mile maintenance intervals.

SAFETY FEATURES

- Superior safety features are our standard. That's why all Pro XD Kinetic vehicles come with horns, backup alarms, plus high-visibility decals and safety belts.
- Keep speeds under control on your job sites with 5–40mph adjustable speed limiting and commercial calibration. Manage acceleration without sacrificing torque.
- Our electric drivetrain gives reduced sound levels that improve the operator's situational awareness and enable quiet-zone usage—because not every ride needs to roar.

SUSTAINABILITY

- Give the work day 100% with 0 emissions and 0 traditional fuel costs.
- Reduced waste with fewer disposable service and replacement parts.

THE RIGHT TOOL FOR THE JOB IN:

INDUSTRIES

Construction
Landscaping
Green Energy
Utilities
Railroads
Mining
Aggregates

INSTITUTIONS

College & University
Municipalities
Parks & Recreation
Forest Services
Commercial Agriculture

COMMERCIAL SETTINGS

Hotels & Resorts
Sports & Entertainment
Corporate Campus
Nurseries

Warning: Polaris Pro XD vehicles can be hazardous to operate and are not designed for on-road use. All riders should always wear head protection – such as hard hats or a helmet – that is appropriate for operating conditions and intended usage, considering factors such as intended speed, unevenness of terrain, turns in path, weather, obstacles, and other traffic. Always use seat belts and close doors (as equipped). Never engage in stunt driving, and avoid excessive speeds and sharp turns. Riding and alcohol/drugs don't mix. All riders should take a safety training course. Call 800-342-3764 for additional information.
