Refresh $150
30-Minute Relaxation Massage & Express Facial

Relaxation Massage- Everyday stress and tension melt away as you experience the healing touch of a relaxing massage catered to your individual needs. We combine pressure point, traditional Swedish, and several relaxation techniques with a soothing blend of massage oils. A well deserved way to increase circulation, soothe tired muscles, and induce an overall sense of relaxation.

Signature Revitalizing Facial (1 Hour)- Designed to combat the signs of aging. A thorough cleansing is followed by a rich micro polish of professional-grade aluminum oxide crystals to exfoliate surface cells and to accelerate the skin's biological renewal process. Aromatherapy infused steam treatment and a relaxing facial massage prepare the skin to receive a Vitamin C and amino acid firming treatment designed to tighten and detoxify the skin. A more youthful and radiant complexion is restored.

Express Facial (30 Minutes)- A great introduction to our skin care treatments, this custom blended facial is perfect when time is of the essence. This mini version includes a power cleanse, micro-polish for exfoliation, purifying steam therapy, and a facial massage.

Body Scrub (45 Minutes)- Buff away dry, dulling surface cells with this full body exfoliating treatment. Skin is left silky smooth and radiant while moisture levels are improved revealing nourished, healthy skin.

Back Facial (30 Minutes)- Pamper this hard to reach area with deep pore cleansing, exfoliation, steam therapy, and a customized masque chosen to address your skin's specific needs. Imperfections are reduced and this often neglected area is left radiant and refreshed.

Paraffin Hand Treatment- Includes premium, medical-grade paraffin consisting of 11 vitamins and the mineral selenium to provide the nutrients vital to healthy skin. This heated treatment produces exceptional hydration and protection from dryness, cracking, soreness, and irritation.

Express Facial (30 Minutes)- A great introduction to our skin care treatments, this custom blended facial is perfect when time is of the essence. This mini version includes a power cleanse, micro-polish for exfoliation, purifying steam therapy, and a facial massage.
