Stroke Awareness and Prevention

Online Training Module

The Massachusetts Department of Public Health is pleased to announce the stroke awareness and prevention training module for community health workers and community-based organizations. **Registration is free for all Massachusetts-based users.**

Topics will cover:

- **Different Types of Stroke**
- **Stroke Risk Factors**
- **Healthy Lifestyles**
- **Recovery and Rehabilitation from Stroke**
- **Secondary Stroke Prevention**
- **Caregiver Support**

Through this training, you will be equipped to make a positive impact in your community by helping those affected by stroke and promoting stroke prevention. This training is self-paced and you can start/stop each section at any time.
