Center for Health Impact

2-DAY SUCCESSFUL SUPERVISION TRAINING FOR ASPIRING CHW SUPERVISORS

2-PART SERIES

Who is This for:

This training is designed for CHWs who hold a lead CHW position, CHW supervisors with less than (1) year of supervisory experience, or CHWs with a goal to become a CHW supervisor.

What Will You Learn:

Drawing from the professional literature and the CHW experience, the workshop employs a culturally responsive systems-thinking approach to challenges confronting CHWs in the areas of leadership and supervision. It aims to build the capacity of CHWs working in the field to provide more responsive and informed approach to supervising the CHWs on their team. Workshop participants will learn about resources and apply practical tools designed to improve their knowledge of supervision basics to better prepare them for the role of CHW supervisor.

Where & When:

9:00-4:00PM on Zoom

February 26th & 27th, March 19th & 20th, May 5th & 7th

The content for this series is highly interactive, and it is important that participants come ready to discuss and work in small groups with their peers.
