Hi Rick!
Nice to hear from you.

I'll be departing WCIA 3 on August 4th.

I've had a great run as News Director (13 years in two separate stints!), have loved (almost!) every minute of it, and couldn't be prouder of what the team here has accomplished.

And I have such respect for Nexstar. My six years as a corporate Director of Local Content Development was magical… visiting station after station all across the country to help them better serve their audience.

I'm planning to start a company that does market research for local businesses, non-profits and civic organizations… as well as small to mid-sized market media consulting… a skill set I was able to develop and loved doing while I was a corporate staffer at Nexstar.

I'm really excited about the opportunity!

Thanks for the good work you do Rick. I've looked forward to your emails every Sunday night for years… and appreciate the efforts you take to provide credible updates about the comings and goings in our ever-changing industry.

Be well Rick!

Andy Miller
News Director – WCIA 3 / WCIX 49
