2020 Summer Institute

Conscious Classroom Teaching:

How to Motivate, Manage and Engage All Students

In this 3-day training you will learn:

- Two dozen practical brain-compatible teaching strategies that motivate all students, especially the toughest
- Nine innovative ways to teach procedures that will create seamless transitions and maximize instructional time
- Five strategies that reduce student defiance, arguing and wasted time
- Twelve active engagement strategies that break up direct instruction and increase student attention, memory, and enthusiasm for learning
- Four winning approaches to connect positively with the most difficult students, and break their cycles of misbehavior
- Ten strategies that increase participation without risking student humiliation
- Dozens of innovative and easy to implement techniques to create the learning environment you've always wanted... and have fun doing it!

Our school has spent tens of thousands of dollars on PD over the past several years, and all of my teachers said Grace's training was the best they've ever attended! ~Richard C., Principal, San Francisco CA

June 17-19 | Phoenix AZ

June 22-24 | San Jose CA

This fun-filled, hands-on, 3-day seminar is ideal for K-12 classroom teachers, mentor teachers, administrators, and teacher trainers.

About the Presenter

Grace Dearborn is an award winning teacher, author and presenter on classroom management and brain compatible teaching. In addition to 15 years of teaching at-risk students in the San Francisco Bay Area, Grace has worked as a mentor, literacy coach, curriculum developer, and PD coordinator. Grace's expertise in classroom discipline and student motivation, coupled with her engaging presentation style, has allowed her to travel worldwide since 2010, training teachers in districts both large and small.
