“I’m going to be the Strategic Media Manager, essentially talking with reporters at big media outlets like CNBC, Time Magazine, Bloomberg TV, Netflix, podcasts, etc. to pick their brains on upcoming tech-interest stories and see where Intel innovations can fit into their reporting and facilitating interviews and video elements to tell a good story. This opportunity kind of fell into my lap. I have truly been loving my new role in the newsroom, and wasn’t looking to leave. But it was an offer and a new, professionally-scary challenge I couldn’t pass up.”
