I'm excited to announce that Scott Nagel has been promoted to Weekend Executive Producer. Scott joined WRAL News in 1999 and is one of our most experienced producers. He thrives on breaking news and continuous coverage and has demonstrated his leadership time and again. Scott has excellent news judgment which will serve the weekend team well. In this new role, he will take part in the weekend morning conference calls to guide our coverage, then he will be in the newsroom for a nightside shift. Scott will produce newscasts during the week. For now, he will continue to work weekend mornings until we find and train someone to take on that role. Please congratulate Scott the next time you see him.
