I write this note to advise you that Vickie Burns has decided to resign from her position as Vice President of News.

I know this was not an easy decision for Vickie to make, as she's been staunchly committed to improving PIX11's news operation over the past two years of being in her position full time.

I've known Vickie for over 20 years and we can all agree that her passion for this business is unequalled.

Vickie's last day will be March 26

Please join me in wishing her nothing but continued success in the future.

We will begin the search for her replacement immediately..
