Subject: Retirement News - Bob Freeman

Team,

Congratulations!!! to Bob and his retirement announcement today. His last day will be November 30, 2022.

Bob has spent many years at the helm of multiple newsrooms during his illustrious 45 year career with 21 years as a News Director in the Evansville market. To say Bob has been dedicated is an understatement. I'm thankful to have worked with Bob and see firsthand his love for covering the news.

Bob's passion at times may have gotten the best of him, but his burning desire to be the best news operation in town has never wavered. Bob is also good for a story or two along the way plus a healthy sense of humor and love of sweets. Say a prayer for his wife Sandy as she now gets to juggle his humor and sweet tooth every day.

More to come on his departure. Luckily, we still have to put up with him for a couple more months 😊.

Thank you for giving us your best Bob!!! All the best.

Sincerely, Curt
