**Subject:** News Director announcement

I want to thank you all for being patient as we searched for the next leader of the FOX10 newsroom. I am extremely excited to announce Randy Merrow has been promoted to the position. Randy started his career at WALA more than 30 years ago. In that time, he's worked the desk, produced and most recently was our Assistant News Director. Randy understands our strengths and challenges, he knows how to seek out the issues impacting our communities and he is inspired to work with each of you to evolve the newsroom and product created here. Please join me in congratulating Randy on this move.

Corey
