Michael Baldwin
(He/Him) • 1st
News Director at Gray Television

For 21 years, Justin Billau has dedicated himself to his job.

The two-time Emmy winner was promoted to News Operations Manager in May of 2020. Prior to that, the Savannah College of Art and Design grad served as Chief Photographer here at 13abc for nearly seven years.

He came here in 2001 as a photog, but always dreamed of something bigger.

Clearly, management did as well because he's been promoted time and time again earning the respect of his colleagues.

His time management and organizational skills are always on display in every aspect. Justin shows his leadership not just in his abilities, but also in his heart.

Case in point...when he invited a man over to his home on Thanksgiving so the man had a family to eat dinner with and wasn't alone during the holiday.

Justin has put in his time and is moving up again. Comedian Aries Spears once said, "To sustain longevity, you have to evolve."

Please join me in congratulating Justin Billau as the new Assistant News Director here at 13abc!
