TO THE STAFF OF FOX40:

I wanted to let you all know, after careful consideration for many weeks, I have decided to move on from FOX40. This was a difficult decision, but I have given the company plenty of notice and I have a few options on the table for next steps, but I am not ready to reveal those just yet. I will be in the building for a while during the transition and getting all the current projects handed off in the right way to the Senior Staff and to Matt in the interim.

I know deep down, that FOX40 is in a better place than when I got here more than 3 years ago. That is because of the people here inside the building. It is because of the focus, the attention, and the drive to grow and win. I am proud of what we have accomplished and grown these last 3 years…probably more than at any time in my career in media.

Bottom line…FOX40 MATTERS in this market now. And everything YOU do TRULY counts. Never forget that.
