Subject: Molly Robinson-Fernandez

News Team:

I am pleased to announce Molly Robinson-Fernandez is joining ABC7 News as Executive Producer. Molly is coming to us from Minneapolis where she has worked as the Senior News Producer at KMSP, the Fox-owned station. She worked at KMSP since 2018. Molly led the station's coverage of George Floyd's murder in 2020 and the racial reckoning and community turmoil that followed.

Before Minneapolis, Molly was a News Producer at WPMI-NBC 15 in Mobile, Alabama. She is a proud graduate of the University of Florida in Gainesville.

This has already been an exciting year for Molly and her husband, Brandon. They were married in January and are excited to trade the snowy winters of Minnesota for the San Francisco fog and all the reasons we love living in Northern California.

Please join me in welcoming Molly to our team when she starts at KGO on Monday August 21st.

Thanks,
Tracey
