Hi Rick!

Sorry I hadn't seen your email until now. Funny, I've had several people forward over your newsletter to me, because I guess the posting was a surprise to them as well.

The posting for the News Director position is preemptive in nature. Because of my prior governmental experience I have submitted my application for the position of Laredo City Manager and because of the likelihood that I may move far into the process, my General Manager did not want to be caught in a situation where he would be without a news director for an extended period of time should I be selected.

Therefore, we agreed it would be best to post and compile a pool of candidates early in the event I should be named to the position.
