** About the Forbes Ranking: The Forbes ranking of America's Top Women Wealth Advisors, developed by SHOOK Research, is based on an algorithm of qualitative and quantitative data, rating thousands of wealth advisors with a minimum of seven years of experience and weighing factors like revenue trends, assets under management, compliance records, industry experience and best practices learned through telephone and in-person interviews. Portfolio performance is not a criteria due to varying client objectives and lack of audited data. Neither Forbes or SHOOK receive a fee in exchange for rankings.*
