best-in-class  
actuarial solutions**

## William J. Dimmock, Chief Actuary

Bill Dimmock is Innovu's Chief Actuary, bringing nearly two decades of healthcare actuarial and risk management experience. His knowledge of the healthcare industry, along with his passion for data analytics, modeling of complex systems, and business strategy, are a perfect complement to Innovu's core capabilities and vision.

Bill is responsible for working with Innovu's development, analytics, and operations teams to develop Innovu's best-in-class actuarial and analytical solutions. Bill's expertise is driving Innovu's GroupLens solution, which leverages the company's unique dataset to establish regional benchmarks and provide meaningful and actionable insights to customers.

Most recently, Bill served as Vice President, Revenue Program Management for Highmark, Inc., where he was responsible for all risk adjustment functions in the Medicare Advantage (MA) and Affordable Care Act (ACA) markets.

Prior to his risk adjustment role, Bill served in other leadership roles in the Highmark Actuarial Department, where he was responsible for pricing strategy, cost estimation, forecasting, rating operations, and rating compliance for the Large Group market in Pennsylvania and the Small Group markets in Pennsylvania, West Virginia, and Delaware.

Bill is an alumnus of Case Western Reserve University, where he received his Bachelor of Science degree in both Physics and Mathematics. He is a Fellow of the Society of Actuaries (FSA) and a member of the American Academy of Actuaries (MAAA).
