# Guest Testimonials

## “ It really was a trip of the lifetime . . .

This cruise stood out, on so many aspects – the amazing team foremost, the vessel, the activities, the food and beverage were all outstanding and not to mention the remarkable landscape that we experienced. Perfectly fits a market of clients that want adventure, but also enjoy a luxurious base, be part of a small group, with a flexible itinerary – to receive highly personalised service and treated as individuals.

## “ Our experience with Eclipse Expeditions was faultless.

I would recommend it to anyone seeking a luxury, personalised sailing adventure through the Kimberley. The staff were helpful and responsive every step of the way, and the crew were sensational. So experienced and knowledgeable. The food was exceptional and we were treated like royalty from the moment we stepped aboard.

## “ We had a fantastic holiday on board.

Big thanks to Jacko Jess and Will. The best food, bucket list exploring and fabulous service. Can’t wait for our next adventure.

## “ We looked at all operators in the Kimberley and chose Eclipse for their focus on food, sailing and the small tour size.

Starting with the boat - it is beautiful. Newly built, spacious and with so many areas to either socialise or enjoy a quiet drink. The open kitchen meant that there were great interactions with the crew including chatting to Will about the next meal he was cooking. The food and alcohol was exceptional, cooking fish and mudcrabs that we caught was a highlight in addition to amazing dishes you'd only find in top restaurants.

The crew were so friendly and worked tirelessly the whole trip, from taking us on expeditions to freshwater swimming locations, serving up meals and always being up for a chat. Shout out to Jess for her humour, hard work and driving skills.

We loved our time in the Kimberley with Eclipse and highly recommend them to anyone wanting to experience in the Kimberley with luxury. Thanks so much for making our honeymoon dreams come true.

## We couldn't have asked for a better experience.

This was more than just a trip; it was an adventure filled with luxury, excitement, and unforgettable memories. Thank you, Eclipse Expeditions, for an amazing journey! One of the most memorable moments was catching tuna in the morning and enjoying it as delicious sashimi in the afternoon and tuna steaks for dinner. We also had the pleasure of catching barramundi, which was expertly prepared by Will into a delectable dish that perfectly complemented the day's catch.

## What an absolute magical 8 days I had traveling on Eclipse.

The boat had heaps of areas to sit or lay and see the amazing Kimberley region. The food and staff onboard were even better. A trip of a lifetime with so much care to detail given. Thank you Eclipse team

## A wonderful opportunity to see the Montebello islands.

Incredible to be so isolated in such a wonderland. The crew were skippered by Jackson who was always in control of every situation and just wanted to help us all have fun. The chef was Will who has a fantastic eye for the right offer at the right time, he went to a huge amount of trouble to make every meal an experience. Both ably assisted by Tessa who I would go into war with! Very knowledgeable about all marine creatures and always willing to help.

## I want to extend my heartfelt gratitude to the team at Eclipse for providing such a special and unique experience.

Their passion and dedication shone through in every aspect, and their attention to detail was truly extraordinary. The small touches—like having our reef shoes ready in the Bosun, towels always at hand, and champagne being opened after a swim in a stunning waterfall—made all the difference.

I thoroughly enjoyed getting to know the crew, and witnessing their professionalism during the unexpected squall was impressive to say the least. While we were all holding on for dear life, their calm demeanor and reassuring presence helped turn that moment into an inside joke among us passengers, creating a bond that enriched our experience.
