Reineke RV adds Aspen Trail & Kodiak Travel Trailers

NORTHWEST, OHIO – Reineke RV of Toledo and Reineke RV of Tiffin are now authorized dealers of Kodiak and Aspen Trail travel trailers, which are a part of the Dutchmen RV lineup. Kodiak and Aspen Trail will complement the existing brands of Starcraft and Flagstaff already available at Reineke RV.

"We're very excited to offer our customers additional travel trailer options with Aspen Trail and Kodiak. A variety of floorplans are available with a very modern feel," said James Chalfin, General Manager at Reineke RV.

Aspen Trail travel trailers are designed for full-featured living. The amenity-rich kitchen areas have undermount farm-style sinks with cover and seamless countertops throughout. The design also provides ample amounts of additional storage space and radius overhead cabinets for keeping essentials close at hand.

Kodiak travel trailers offer an innovative, aerodynamic RV for easier towing and better fuel economy. The interior is packed full of modern features, lightweight aluminum construction and features to improve your camping experience.

Reineke RV will showcase their entire lineup, including Kodiak and Aspen Trail travel trailers, at the 2019 Camp & Travel Regional RV Show at the SeaGate Convention Centre in Toledo, OH, January 25th-27th. Visit www.ReinekeRV.com for more information.
