# Visitor Agreement and Instructions: Outdoor In-person Visits

- Outdoor visitations must be scheduled with Carolina Village in advance.
- Outdoor visitation is limited to two (2) visitors per resident or couple. Children under the age of 16 may not visit at this time.
- Carolina Village will hold outdoor visitation sessions from 10:00 a.m. until 3:00 p.m.* **Visits will start on the hour and last for 30 minutes.** This will allow staff to perform appropriate sanitation and disinfection between scheduled visits.
- Outdoor visitations will be held in the courtyard located between the Medical and Care Centers. Visitors will use the side/Therapy entrance door to enter the visitation area.
- A staff member will be present at the visitor entrance to perform visitor screening and escort visitors to the visiting area.
- At this time, all in-person visits must be supervised by a staff member.
- Visitors and residents should not bring food or drink to visits; eating is not permitted during visits.
- Please perform hand-hygiene when entering the visitation area, frequently during your visit, and prior to leaving at the end of your visit. Hand-hygiene stations will be located in the visiting area and at the entrance/exit doors.
- All visitors should limit and/or refrain from touching surfaces within the visiting area as much as possible. Visitors MUST remain in the visiting area; visitors will not be permitted to leave the visiting area or go anywhere else within Carolina Village. Restroom facilities will not be available.
- All visitors and residents MUST wear a mask correctly when visiting, covering the nose and mouth.
- Visitors should only visit the resident they are scheduled to visit; they should not stop to visit with other visitors, staff, or residents in the visitation area. Interactions with others (i.e., staff) should be limited.
- Visitors must practice proper social distancing by maintaining a distance of at least 6 feet during visits. We would love to be able to allow hugs, kisses, touching, hand-holding, etc. during visits, but at this time this cannot be permitted. Everyone's health and safety is our top priority.
- All campus visitors are subject to COVID-19 screening at the front gate, including a non-invasive temperature check and questions, as well as at the visitation area. Staff members will assist you.
- After visiting, visitors should monitor their health for COVID-19 symptoms. If you develop symptoms within 7 days of visiting, please notify the facility immediately. If you are experiencing symptoms of COVID-19 or develop symptoms of COVID-19 after visiting, please contact your physician and/or the local health department for further evaluation.
