Using the **QXCI/SCIO** Quantum Biofeedback Device!

Increase your efforts for abundance and achieve your goals. Motivate yourself to stimulate your success and process through all the old patterns, fears, doubts. **Let's have it all come true?"** Whether your goals are personal or business related, blocks can hold you back from experiencing and manifesting all that you are, and all you can have/be in the now and in the future. Using the remarkable **QXCI/SCIO**, Quantum Biofeedback Device, let's move beyond these limitations and old restricting patterns into gratitude for all you have, will have and all you are. **Are you ready for CHANGE in yourself and therefore your life.** Come PLAY with us! 😊

We will be holding three powerful evening gatherings by ZOOM using the **QXCI/SCIO** facilitated by **Bj Hambleton**, a Certified Quantum Biofeedback Specialist. **Although your presence is requested, it is NOT required, because we will be doing our work subspace.**

This is **GROUP** work. The power of the group augments and magnifies each of our experiences. We will come together for our own intense work and to assist each other and to be assisted by others collectively.

Week 1: **Tuesday, August 29,** 2023; 7 – 9 pm: Ridding ourselves of fear hang-ups, clearing old emotional patterns and beliefs held in our spine, brain and auras. Embracing change and assisting ourselves to maintain abundance. Stimulating openness, creativity and our inborn intelligence.

Week 2: **Tuesday, September 12**, 2023; 7 – 9 pm: Checking our systems for remaining hang-ups. Clearing our energy fields, stimulating creativity, and connecting to Higher Source; increasing our ability to listen to our guidance and to allow ourselves to be open and receptive to manifestations – whether personal or business.

Week 3: **Tuesday, September 26,** 2023; 7 – 9 pm**:** Connecting to our core, stimulating psychic abilities, aligning to your higher purpose, claiming our power and the right to co-create our lives, and sacred geometry attunement. Final clearing and anchoring of our work into dream patterns.

I arrived at my first SCIO group session, with cold/allergy symptoms that had lasted over a month. I was constantly popping cough drops so I wouldn't disrupt the group experience. During the session, I felt my head clear, as if confusion and disorientation and fogginess were lifting. The next day my cold symptoms were much improved and by the 2nd day, they were gone and did not return! Thanks, Bj!!! ST, MD.

In the period of time I have been working with Bj, I have become aware of an opening of my consciousness about abundance. I now expect abundance in many areas of my life, whereas before I was doubtful. This has led to experiencing more abundance. SE

Investment In Yourself: For all three sessions: $70 by credit card, $65 cash or check. Since this group work will be subspace – through the Quantum, Unity Field, ***Your physical presence is not necessary.*** You will receive additional benefit from being present as we will spend some time each evening sharing and debriefing. Notes will be taken and emailed to all group participants.
