**General Observations**

The baskets were generous, distinctive and well thought out. There was a lot of variety. Circles were ready to participate, committing to a basket before receiving their first notice regarding the raffle. Volunteers came forward early and were generous with their time, willing to help wherever needed.

Selling Raffle tickets was easier with the addition of tables and chairs at each end of the raffle items. Two sellers worked together at each table with room for supplies, selling tickets and displaying copies of the QR Code. Our thanks to Jim Russo for the design and set-up of the QR Code account.

Members of the participating circles provided the energy, passion, and time that went into creating baskets and then working hard to ensure a successful fundraiser. They are wonderful, giving and very much appreciated. This was a year of ownership and teamwork.

Love and Appreciation, Irma and Cyndi
