## Creches: Christmas Art

In the Narthex and Great Hall, our displays of Nativity scenes has grown into a beautiful exhibit. We have very simple sets with just Mary and Joseph to elaborate works of art with a dozen or more characters. Their style varies considerably including sets from Poland to Bethlehem carved wood. Show them to your family. Stop for a little appreciation and maybe even some contemplation of what all these different depictions might mean for your Christmas. Bring your own for display beginning 7 December.
