# WORLD BEE DAY

• MAY 20 •

## DID YOU KNOW?

- Bees visit millions of flowers to make honey.
- One hive can contain 30,000–50,000 bees.
- Honeybees communicate through a “waggle dance” to tell other bees where to find food.

Draw your favorite flower for bees below!

Circle the foods that depend on bees.

Apples  Blueberries  Cucumbers  Almonds  Pumpkins  Carrots

Honey Helps

Honey Helps is a U.S.-based, family-owned company specializing in honey fundraising solutions for schools, churches, sports teams, and nonprofit organizations.
