## Other Construction: \$2 to \$10 Million

This project, located in Glen Jean, WV and called the Boy Scouts of America – Pigott Headquarters Complex, was awarded to Swope Construction in 2016. Construction began in June of that same year. Included in this project was the headquarters facility itself along with a pavilion, flag plaza & service parking.

Inside the Headquarters there are two large meeting rooms, a conference room, private offices for BSA staff & administration, men's & women's

restrooms, an interior storage facility & a covered porch area. There is also exterior storage located next to the building as well as the flag plaza & pavilion. The substantial final complete date for the BSA-Pigott Headquarters complex was May 25, 2017 & in time for that year's National Scout Jamboree.

## Safety and Design

Due to the unique design features of the Pigott Headquarters Complex, Swope Construction Co. had to work closely with project architect, Digsau Architecture PC. The structural frame for this building included columns, girders & trusses as these were required for the fire-resistant elements of the structure.

Bearing & non-bearing walls were both interior and exterior while floor & roof construction both included supporting beams & joists. The square footage of this project is 8,030 with the actual high being one story at twenty-one feet.

## Project Duration:

- Eleven Months. Construction began in June of 2016 & was completed in May of 2017.

## Project Safety:

- Swope Construction Co. recorded no safety related incidents during the project's duration.
- Swope Construction Co. held weekly toolbox safety meetings.
