

Want to support the health, safety and wellbeing of your employees?

Check out the Health Links™ Kick-Start Program:

The Health Links™ Kick-Start Program gives small organizations vital funding and one-on-one expert advising on designing a sustainable worksite wellness and safety program. Work with us to create a Healthy Business Road Map: an action plan for creating a healthy, safe, and positive place to work. **There's no cost to apply, and advising is free.**

Health Links™ is a nonprofit initiative that connects businesses to each other and to vital resources that can help them succeed in creating sustainable worksite wellness and safety programs.

Organizations that foster health and safety at work have healthier, happier employees—and healthier bottom lines, too.

It's more than good business.
It's good business strategy.

Meet with Health Links™ advisor and learn how to bring wellness to work today.

Meet the Northern Colorado Community Advisors!

Ashley Schwader

“Health Links is a great way to connect, educate, and support wellness related work to further our healthy community goals for Northern Colorado. They are an outstanding resource and I look forward to seeing their work grow in our community!!”

Email: aschwade@psdschools.org

Jane Wilson

“I am excited to be a part of bringing Health Links to Northern Colorado. With the expertise and resources of Health Links, businesses have the opportunity to drive and instill a culture of health and wellbeing in their employees and in the community.”
