BODYBAR™ DEFINE YOUR FITNESS • SHAPE YOUR LIFE EXCHANGE

This is how the Program works:

- Your facility emails us at info@bodybar.com with the number of each weight of the bars you wish to replace.
- We provide an Estimate, to show your savings for buying new bars via the Exchange Program with shipping vs buying at new bars at regular Club pricing with shipping.
- After securing the order with any major credit card, we ship your new Body Bars via Motor freight or FedEx Ground, depending upon weight of the shipment.
- You receive the new Body Bars, unpack them, hold onto the boxes, and locate the envelope with the FedEx Ground return labels.
- You pack the old bars in the boxes and affix the return labels to each box.
- Then you call us at 303-938-6865 ext 3 (or email at the above address) to schedule a pickup.

It's that simple! This Program is an extremely cost-effective way to keep your group ex and personal training areas looking sharp and fresh. We are committed to supporting our partner clubs and fitness facilities with the highest quality product, while employing our best Green Business Practices. To this end, we invite you to try Body Bar Exchange.

And by the way, we will take back competitors' generic bars of like size – replacing them with classic Body Bars!
