EARNING in D.A. & B.D.A.

Did you know there's additional support for your recovery re: EARNING money?

Spiritually Sustainable Earning (SSE) is earning that meets our emotional, mental, physical, and spiritual needs in alignment with our Higher Power's will for us. This is a focus within the Fellowship that supports both D.A. and B.D.A. fellows alike and is represented at WSC by a Caucus. SSE focuses on increasing the top line of the spending plan and recovering from underearning using spiritual and practical tools, the support of the D.A. Fellowship, and reliance on our Higher Power.

SSE Meetings can be found online – individuals in D.A. are encouraged to attend if they are curious, and D.A. groups are encouraged to experiment with using the SSE format in some of their regular meetings. To find help:
