Quality Licensed Home Child Care

Wee Beginners (0-18 months): Painted Spring Flowers

What You Need:

- Large zip lock bags
- Liquid paint
- Cardboard paper or cardstock paper cut into flowers

What To Do:

1. Place the flower cut out inside the zip lock bag
2. Squeeze different coloured paints inside the bag
3. Let the air out of the bag before closing it (or the bag will burst open when your child pushes down on the paint)
4. Let your child have fun squishing the paint colours together without making a mess
5. You can use rolling pins, toy cars, etc. to squish the paint around
6. When finished, carefully remove the painted flower cut out and hang to dry
