We have just witnessed the awesome movement of Holy Spirit as lives were transformed, chaos was calmed and seeds were planted. Each weekend of Kairos Inside at Fluvanna is so unique! Growth was not only seen among table participants, but also in the musicians who supported us as well as the "angels". Each one of us, as Sisters in Christ, will try to hold on to moments that blessed us as the weekend unfolded. Remember to keep a Joy-filled Spirit and always give God the praise for the "Lite and Lively" moments in your life....thank you, Roxanne.

I have attached a summary of the comments shared at Closing by many of the 38 new graduates. I appreciate Janine compiling them for us. You may want to share these as a thank you to your cookie bakers and prayer warriors. The comments are a reminder to us of all the ways Christ has touched the hearts of women when we all follow this well-scripted program.

Please pray for the ladies of Kairos #40 as they face a very difficult environment on a daily basis. We are asking God to instill a desire within the hearts of the sisters to attend the Instructional. We pray for the movement of the Spirit among the Kairos graduates who attended the Closing. May they be committed to attend upcoming reunions and prayer and share opportunities.

Thank you for your hard work, patience, and love. To God be the glory!!

Your Sister in Christ,
Susan Browning
