

Registration for Summer 2022 Private Lessons is now open on our Customer Portal. If you can't remember the password on your account and you are a returning family, click HERE and select that you are a Current Customer and then select Forgot My Password. Please do not create a new account. If you're new to LetSwim please create your account first, then search for a class schedule. If you need assistance or have any questions, please contact us at 703-717-3411.

This year to enroll in Private/Semi Private lessons, you must first purchase your Private/Semi Private Punch Pass and then “Punch In” to each of the class dates and times that you want to schedule your classes for. We are always here to help you through the process, but please read and follow the instructions HERE. This link includes details on package pricing as well.

Please remember that LetSwim does not pair students up for Semi Private classes. You must have both swimmers and they should be of similar age and ability. All time slots are defaulted to 1 student, you will need to send us an email at info@letswim.com so we can enroll the 2nd student. Please ensure their package of lessons has been purchased and provide their full name.
