Touring The Coppertail Brewery

It was a fun Friday experience for Circle 9 members and friends on Oct, 16, when we toured the Coppertail Brewery in Ybor City.

Not only did we learn about the brewing process, we learned about the history of its Ybor building and about Coppertail itself: Coppertail is a Florida beer for Floridians.

During our tour, we were able to sample some of their beers and then enjoy lunch in their cafe. All in all, it was a terrific Friday with new and old friends.
