# Got LEGO® Sitting Unused?

# Let It Build Something Bigger.

# NickleBrick Workshop

## WHAT WE DO

NickleBrick Workshop repurposes **pre-loved LEGO®** into **curated build kits** and inclusive **community experiences.**

We transform shared bricks into:

- **Creative build kits** for kids
- **Classroom enrichment programs**
- **Calm sensory build experiences**
- **Pre-vocational skill-building** programs for teens & adults with developmental disabilities

**Every brick becomes part of something meaningful.**

## WE ACCEPT

- **Loose bricks**
- **Mixed collections**

- **Minifigures**
- **Partial sets**
- **Accessories & parts**

**No need to clean — we handle sorting.**

(Please do not purchase new sets to contribute.)

## From Shared Brick to Purpose:

Community contributes → Bricks are cleaned → LEGO Bricks are sorted through → Kits are created

We're building a place where everyone belongs — — one brick at a time.

Built with Purpose. Built by Nickle.
